Thakur Ramnarayan College of Law - Educational Institute by Thakur Educational Trust

Electricity Consumption

The institute has several elements that are completely dependent on electrical energy for operations.

It is observed from the bills that:

| Electricity | Consumption (units) | Emissions (tons of CO2e) |
|-------------|---------------------|--------------------------|
| Daily | 156.115 | 0.318 |
| Monthly | 4683 | 9.540 |
| Yearly | 56201 | 114.48 |

Based on the consumption in 2023, it was observed that there is an average fluctuation of approximately 17% maybe carried. This fluctuation can be the result of **work demand**.

The facility has several types of instruments, equipment, devices and items that includes light fittings, fans, air conditioners, lifts, computer projectors, cameras etc. and items that induce *inductive or capacitive load*. This has a direct impact on the efficiency at which the power is being consumed at the Institute. (In simpler terms, use of such devices has a direct contribution towards the power factor of the facility.)

Based on the bills provided for the months from February 2023 to April 2023, it can be observed that the average power factor for the institute was 0.8889. the month of March has observed the Highest Average Power Factor of 0.8678 for the institute.

Fugitive Emission

Air Conditioners are found on each floor in the specific rooms. Fugitive emissions are introduced due to the leaked refrigerant from the air conditioning system/refrigeration system. The Air conditioning systems were operated throughout the working hours of the college. Refrigerant R-32 was used in each of the air conditioners. The Average Fugitive Fluctuation over is 10%

| Fugitive Emissions | Emissions (tons of CO2e) |
|--------------------|--------------------------|
| Daily | 0.008 |
| Monthly | 0.240 |
| Yearly | 2.88 |

Total emissions

Considering all the parameters mentioned earlier, the total emissions generated due to the institute was determined.

| Total Emissions | Emissions (tons of CO2e) |
|-----------------|--------------------------|
| Daily | 5.416 |
| Monthly | 162.50 |
| Yearly | 1977.16 |

Remarks

There is a 20% error margin due to the lack of verification of the data collected by the volunteers.

Recommendations

Based on the audit conducted, there is a scope of reduction and offsetting the emissions generated within the organizational boundary of the institute.

- Plantations: Planting 1000 trees per year for the next 3 years would make a major contribution in offsetting the emissions generated.
- Energy Audit: Targeted audit can help achieve up to 10-15 % savings on electrical consumption by recommending changes or upgrades to the existing systems in place.

Subject: Appreciation for Your Contribution to the Dry waste to
Go Shoonya Pvt. Ltd.

Dear Sir/Ma'am,

I hope this letter finds you well. I am writing to express my heartfelt appreciation for your outstanding contribution to the recent dry waste campaign organized by the Law Department.

Your dedication to environmental sustainability and responsible waste management is truly commendable. Your efforts in collecting and contributing dry waste and collecting single use plastic demonstrate your commitment to addressing environmental challenges and fostering a cleaner, greener future.

By actively participating in the dry waste campaign and collaborating with Go Shoonya Pvt Ltd, you have played an integral role in diverting dry waste from landfills and promoting recycling practices. Your initiative in advocating for the proper disposal and recycling of dry waste sets a commendable example for our community.

Your actions not only contribute to the conservation of resources but also help mitigate environmental pollution. Your enthusiasm and commitment to sustainability inspire others to follow suit, making a significant impact on our collective efforts towards a more sustainable future.

Once again, thank you for your enthusiastic participation in the dry waste campaign. Your contribution has made a meaningful difference, and we hope to continue working together to promote environmental stewardship within our organization and beyond.

If you have any further suggestions or ideas for future initiatives, please feel free to share them with us. Your insights and contributions are invaluable as we strive to enhance our environmental initiatives.

Thank you for your dedication and commitment to building a cleaner and more sustainable world.

Warm regards,
