BRIEF INTRODUCTION AND DISCUSSIONS DURING THE SESSIONS

Thakur Ramnarayan College of Law conducted a Webinar on 12th February, 2022 on the **Topic- Mandatory Requirement For Writing Research Article From Reviewer Point Of View.**

The resource person for the webinar was our esteemed Guest-Speaker Dr. Indrajit Ghosal. The webinar was conducted at 11:00A.M through Google Meet.

The Guest-Speaker of the webinar–Dr. Indrajit Ghosal was warmly welcomed by our fellow student Ms.Gargi Deb.

Ms.Gargi Deb gave a brief introduction about Dr. Indrajit Ghosal and his excellent career over the years.

Dr. Indrajit Ghosal began the webinar with the brief information about research methodology. Secondly, he covered the types of research which were having two types where in one of them is Empirical Research and the other is Non Empirical Research which is further divided into Doctrinal and Non-Doctrinal Research. Discussing the aforementioned concepts, he then stated that research involves application of method and techniques in the context of research article topic.

The esteemed guest-speaker then brought in the topic of role of reviewer in writing research article. A review article, also called a literature review, is a survey of previously published research on a topic. It should give an overview of current thinking on the theme and, unlike an original research article, won't present new experimental results. The structure of the review report varies between journals. Some follow an informal structure, while others have a more formal approach.

While speaking on the topic of mandatory requirement for writing research article from reviewer point of view, Sir stated that the publisher-editor and the writer of the article are vicariously liable, for what they have written in the article. Sir explained in detail the mandatory requirement to write a review article, which includes:

1. To provide a comprehensive foundation on a topic
2. To explain the current state of knowledge
3. To identify gaps in existing studies for potential future research
4. To highlight the main methodologies and research techniques.

Amplifying on this topic he lastly said that now the reviewers have to give mandatory article while reviewing the article.

The students were attentively listening to the topics covered by the Guest-Speaker due to which various questions were being raised during the Q&A session which was being effectively answered by the esteemed guest speaker Dr. Indrajit Ghosal. The Q&A session was conducted by Ms.Priyal Shah. The Webinar was concluded with a vote of thanks delivered by Ms.Gargi Deb.
